**CAREER HISTORY:**

1994 - Present

***Clayton Engineering Company, St. Louis, Missouri***

Mr. Quigley was elected President in 2013 and to the Board of Directors in 2003.

As President Mr. Quigley oversees the day to day operations, scheduling of manpower, and quality control.

As Senior Project Manager, Mr. Quigley manages all aspects of commercial and industrial development projects. Responsibilities include rezonings; negotiations with tenants; coordination of team consultants such as traffic, landscaping, and geotechnical; and construction bidding. Projects frequently involve the design of site grades, paving, road improvements, sanitary and storm sewer design, and offsite utility extensions.

Mr. Quigley also provides coordination between Architects, contractors, utilities and local, state and Federal agencies, including Missouri Department of Transportation, Metropolitan St. Louis Sewer District, AmerenUE, Laclede Gas, Missouri American Water Co., Missouri Department Of Natural Resources, Lambert St. Louis International Airport, and various cities in the metropolitan St. Louis area.

1989-1994

***City of St. Peters, Missouri***

As an Engineering Technician, Mr. Quigley was responsible for the design and preparation of public works projects, inspection of construction for those projects and liaison between residents and contractors during construction projects.

1988-1989

***QuikTrip Corporation, St. Louis, Missouri***

As a Development Engineer, Mr. Quigley directed the preparation of plans, obtained permits and directed consultants for projects in Missouri and Iowa.

1986-1988

***Clayton Engineering Company, St. Louis, Missouri***
